Dear David + North Parish People's Pantry Team,

Thank you for partnering with Boston Area Gleaners in 2021 to bring fresh, local produce to those in need. Your commitment to providing a consistent, accessible food resource for your community's needs is greatly respected and appreciated. We are like-minded organizations with a common mission.

Your dedication and commitment to this cause has allowed us to distribute more than ***2.5 million pounds of fresh food*** to those facing food insecurity in 2021, a feat that would have been impossible without your unflappable spirit. Thank you for your partnership and solidarity in the fight to create a more equitable food system.

Attached is a copy of your year-end records, including all gleaned produce distributed to your agency between January 1, 2021 and December 31, 2021. North Parish People's Pantry received 4,810.50 pounds of gleaned produce in 197.50 cases from Boston Area Gleaners during the 2021 calendar year.

Feeding America, the nation's largest hunger relief agency, establishes a value for donated food on an annual basis; for 2021, this figure was \$1.74/lb. Using this metric, the total value of the gleaned produce you received from Boston Area Gleaners in 2021 was \$8,370.27.

I've enjoyed getting to know you over the season and to learn the nuances of your program. I look forward to continuing this positive momentum for the 2022 season.
